

The Power of Change Inspiring the next 90 years

Annual conference: 11 and 12 September 2009 Surrey University, Guildford

Connecting Networks Session

Friday 11 September 14:00 – 15:45

Part of a work based women's group or thinking of setting one up?

At conference 2009 WES has a session especially for you, sponsored by BP. Whether you are the diversity and inclusion lead, network chair or simply interested in learning how to establish a group and what works or sharing exciting ideas, this is for you.

We have a fabulous line up of speakers who will share experiences of their women's networks:

- Linda Emery (BP)
- Nikki Walker (CISCO) and Sarah Speake (Google) – on sectoral network Connecting Women in Technology
- Petra Mayerhofer , German Association of Women Engineers

This session will offer plenty of time to share your experiences, programme ideas and learn from other companies. Contribute to the development of the WES strategy through inspiring women to achieve their potential by tackling the recruitment and retention of women in engineering and technology.

Register at <http://conference.wes.org.uk> or direct with the WES office. Pay online or by invoice. Registration fees from £80.00

NOTE: Main conference registration is from 08:30 and proceedings begin at 09:30

This session is generously sponsored by BP

The WES anniversary is supported by the IET & UK Resource Centre for Women in SET

The Women's Engineering Society
